

Laser Hair Removal Pre-Care

Checklist

Avoid sun exposure or artificial tanning 2 weeks before your appointment

No waxing, sugaring or tweezing 4 weeks prior to your appointment

Notify Anagenesis if you are taking any medication or antibiotics. A minimum 2-week wait is required after completion of medication before your laser treatment.

Avoid BHAS, AHAS, Retinol and Benzoyl peroxide for 7 days. Avoid Boxtox, microneedling, chemicals peeling, and fillers 2 weeks before your appointment.

You must shave all areas that will be treated, 24 hours prior to your appointment.
